Freedom Summits

17 December 2014 · 

Hi Everyone,

For the past few years Stef and I have been planning an Intentional Community of like minded people. In 2010 we came very close when we found a gorgeous 100 acres between Uki and Kyogle, but the Vendor pulled out at the last minute.

Since returning from the UK over a year ago, we have been working very hard to get this started again, and have some very exciting news.....

We have found an incredible 642 acres of land not far from Uki in the foothills of Wollumbin (Mt Warning). For the past 10 months we have formed a proactive 'Steering Committee, which has taken many meetings, camp outs and so forth.

We are now seeking other like-minded interested parties to join us on this adventure of a lifetime.

Please check out our website (which won't be properly completed until

will eventually have far more information, such as Frequently Asked Questions, videos, photo galleries and so forth. The website is www.bhulabhulacommunity.org but please bare in mind it is not due for completion until next week.

Bhula Bhula is the local Origine (not Aborigine) language for 'Together in Harmony'.

This Saturday the 20th of December at 10am there is a final inspection before we exchange on contracts. We have already forwarded the deposit to our Lawyers Trust fund, and are set and poised to move forward. If you wish to inspect with us, you will need to log your interest either on the website, or by emailing cherie@freedomsummits.org and asking for the EOI form.

What is on offer at this time is Stage 3 parcels which are \$80k each. There are only 10 parcels available in Stage 3, and Stage 4 parcels will be \$120k for release in early to mid 2015. This will allocate you around 5 acres of land, and of course the use and enjoyment of the entire community section of the 642 acres. At this juncture the total allocation of parcels is limited to 30 families/groups.

If you have any questions, or wish to discuss this further, please contact myself via Skype, and my handle is comingback2harmony

We have amazing plans to establish an Organic Farm on the front 200 acres or so of land, and also in time a health retreat.

Be well, be healthy, be happy 😊

Many of you that have been following this page and/or have attended a Freedom Summit in the past will know of the amazing and tireless work of Ian R Crane.

Ian came out and spoke at one of our Summits in Australia years ago. He has done his very best to wake people up about Fracking (and many other areas).

He is crook at the moment and so if you have the capacity to assist, I'm sure it would be greatly appreciated.

Kindly,... [See more](#)

We've been talking about this moment in time for well over a decade now.

Many of you have probably tried to introduce your friends to what's really going on with the 'system'.

Many of you have probably been labelled 'Tin foil hat wearers'.

Well....Here it is....and we just hope you're all as prepared as you can be.

History always favours the well prepared.... [See more](#)
